INDIANA COMING!

The Republican Mass Meeting at Indianapolis, on Wednesday, far exceeded, in numbers and enthusiasm, anything ever before seen in the "Hoosier State." The fires of 1840, brightly as they blazed, paled before the brilliant demonstration of Wednesday last. There is no further question about INDIANA. She is good for LINCOLN, by from fifteen to twenty thousand majority.

Another Foreign Arrival—Important Advance in Breadstuffs.

The steamship *Fulton* passed Cape Race last evening, with foreign advices four days later than those by the *Africa*. Political news unimportant. The weather in England continued unfavorable for the growing crops, and an advance of 6d on flour, and 2a3d on wheat, had taken place in consequence.

The Grain Trade.

Our Fall Grain Trade, is now fairly commenced—fully three weeks earlier than it reached any considerable magnitude last year. Sales of wheat yesterday exceeded in the aggregate 114,000 bushels, and after the steamer's news, prices advanced 4c., the market closing with an active demand for No. 1 Spring, at 95c. The receipts by Rail Road and from the Lake Shore, were 71,918 bushels, including flour, and probably 10,000 bushels by teams.

Mr. Codding's Appointments.

Mr. ICHABOD CODDING, one of the ablest and most popular speakers in the west, will address meetings in this State, at the following times and places:

Delevan, Tuesday,	Sept. 4
Elkhorn, Wednesday,	" 5
Burlington, Thursday,	" 6
Racine, Friday,	" 7
Kenosha, Saturday,	" 8
Milwaukee, Monday,	" 10
Madison, Tuesday,	" 11

Mr. CODDING gives the assurance that he will meet his appointments punctually. We have no doubt that the people will flock in crowds to hear him.

The Tenth Annual Exhibition of the State Agricultural Society.

The Annual State Fair will be held during the last week of September at Madison, on the grounds occupied in 1858. These grounds have been substantially and elegantly fitted up.

AMONG THE NEW FEATURES,

The competition by counties for the Prize Banner, the operation of Tile Drain Machines, Mole Drainers, and it is hoped Steam Plows. Also a green house, illustrating the best methods of construction and management, and WIARD's world-renowned Ice Boat, are prominent.

The Ice Boat is a very costly structure, and though secured for the Fair at large expense to the Society, will nevertheless be exhibited by Mr. WIARD on his own account, for a small charge extra. It is justly pronounced the most surprising invention of the last quarter of a century, and will of itself repay a visit to the Fair.

There will also be a stated sale of improved animals at auction, and a grand parade of premium animals, a plowing match worthy of the name, and as much improvement in all respects as the added experience of previous years, and the written suggestions of nearly a thousand intelligent friends of the Society, have enabled the Executive Committee to make.

THE WISCONSIN FRUIT GROWER'S ASSOCIATION

Will exhibit in connection with the Society, and the Orchardists and Horticulturists of the State are preparing to make a magnificent show of all kinds of fruit that can be grown in the North-west.

The evenings of the Fair week will be occupied with valuable Lectures and Discussions by some of the ablest scientific and practical men in the country.

If the eleven spirited Counties which have entered in competition for the Banner, together with those which have not so entered, acquit themselves in a manner corresponding to the present indications, there will be a mighty gathering of the people, such as never was before dreamed of in Wisconsin.

Entries should be made, if possible, before the Fair, in order that there may be less liability to mistakes.

ALL THE RAILROADS

Will carry passengers at HALF FARE, and all except the Mil. & La Crosse, and the Mil. & Chicago R. R's., will carry Freight intended for Exhibition, FREE; charging full rates to the Fair, but refund the whole amount on return of the articles or animals with a Certificate of Exhibition from the Secretary.

The La Crosse R. R. will charge full rates for freight both ways; the Chicago & Mil. R. R. full rates to the Fair, returning free.

TERMS OF ENTRY AND ADMISSION.

Life Members and their families are entitled to FREE ADMISSION and FREE ENTRY, except for Special Premiums; Annual Members to FOUR Single Admission Tickets; Exhibitors to Annual Membership, with SIX Tickets.

Price of Life Membership, $10; Annual Membership, $1; Entry Fee, $1; Single Admission Tickets, 25 cts.

PAINFUL ACCIDENT ON THE LA CROSSE ROAD.—As an eastern bound train on the La Crosse Road was coming in on Thursday, and when about two miles east of Mauston, a little girl some three or four years old was run over. She was far from the vicinity of any house, and was not seen by the engineer until the engine was just upon her. The train was stopped and the child picked up alive, but severely injured on the head. The train was immediately backed to Mauston, and a physician called to attend upon the little one, but when the cars left it was thought she could not live over half an hour. As she was out of sight or hearing of any house, she must have strayed away from her parents and got upon the track. She was evidently an Irish child.

A PRINCELY ACT.—Among the doings of the PRINCE OF WALES in Canada, on Thursday, the telegraph reports the following:

"Towards the close, he was presented to Mr. Felton, an old and respected citizen, who was signal midshipman on the Nelson flag ship at Trafalgar. He was subsequently deprived of his rank for the loss of the sloop-of war Carinax at the West Indies.—The case was one of considerable hardship, and once the Prince being informed of the particulars, he restored Mr. Felton to his rank in the navy. The act gave great satisfaction, and was loudly applauded by those present."

So it should have been. It is the best thing the PRINCE has done yet. The signal midshipman on the flagship of the immortal NELSON at Trafalgar, deserved no less from the Heir to the British throne.

ANOTHER STRONG ACCESSION.—WM. E. DODGE, of New York, one of the most esteemed and honorable merchants of that city, of the old and well known house of PHELPS, DODGE & Co., and who was one of the Vice Presidents at the Bell-Everett Ratification Meeting, held in New York on the 8th of June last, repudiates the Syracuse juggle, and has declared for LINCOLN and HAMLIN.

THE ALGER MURDER.—GEO. B. ELY publishes a letter in the Janesville *Gazette*, in relation to the story circulated by the Madison *Argus*, which shows pretty conclusively that MAYBERRY was not innocent.

Mr. ELY was District Attorney at the time and he says: "Never, in the whole course of criminal trials, was the guilt of a criminal more clearly made out."

Great Republican Mass Meeting in Indianapolis!

INDIANA WIDE AWAKE!

ALL HOOSIERDOM AROUSED!

Correspondence of the Cincinnati Commercial.

INDIANAPOLIS, August 29, 1860.

This was the great day for which such extensive preparations have been made in the goodly Hoosier State. The Republicans, having witnessed the (was-to have been) grand demonstration of the Douglas Democrats on the 18th of July last, determined to get up a gathering of the masses which should not only "take the shine" off of that, but which should put the Douglasites to their rumps to approach it hereafter. They went to work in right gallant style, and in a thorough business like way, which was in itself a prime augury of success. They have, in a few weeks, organized and equipped Wide Awake clubs, to the number of many thousands, extending through all the large and many of the small towns of the State.

Such was the popular response to the call, that not only was all the large capacity of accommodation by all the railroads exhausted, but hundreds more of cars could have been easily filled had the companies furnished them.

On Tuesday evening, the day before the meeting, there were already as many people gathered together as reached the city during the whole Douglas Ratification Convention. On Wednesday morning the streets were early thronged with a motly crowd, and the country wagons began to wend their way into town. Two encampments of country people, one of 800 and one of 500, were made over night, just outside the limits of the city.

THE RAILROAD ARRIVALS.

The various Railroad depots were the centers of a lively scene from eight to twelve o'clock. Train after train came booming in, greeted with thundering salvos of cannon, and the shouts of welcome to the crowd.—Every description of car that would hang together was brought into service. They came in passenger cars, baggage cars, wood cars, gravel cars, hog cars and rail cars. They overflowed from the cars on to the platforms, and from the platforms on to the tops of the trains. The following statistics of the number arriving by the different roads are for the excursion trains only. The figures were as nearly as we could ascertain from the officers of the various roads, and approximate to accuracy:

Indianapolis & Cincinnati R. R.	4,500
Bellefontaine R. R.	4,200
Terre Haute R. R.	8,000
Lafayette R. R.	2,200
Indiana Central R. R.	2,000
Jeffersonville R. R.	1,800
Madison R. R.	1,400
Peru & Indianapolis R. R.	2,800
Total	21,900

This is exclusive of those who arrived yesterday, and all of whom came in from the country in wagons, on horseback and by other private conveyances.

THE SIZE OF THE CROWD.

As for the whole number in the city, it is, of course, utterly impossible to give more than an approximate estimate. From the best indications given by the railroad statistics, the numbers on the Fair Ground, and the crowds left in the streets, we could not come to any less conclusion than that there were 30,000 men from abroad in Indianapolis to-day. Good judges who are not usually deemed extravagant, say there was not a man under 40,000, while the vast majority would deem any estimate below 50,000 or 75,000 grossly unfair. But, as our readers know we are against the besetting tendency of the press to exaggerate popular gatherings, we are satisfied there were at least forty thousand people who participated in the celebration.

A MAGNIFICENT SPECTACLE.

INDIANAPOLIS, Aug. 29

The performances this evening at the grand Republican Mass Celebration, were an appropriate finish to the enthusiastic character of the day's proceedings. A grand exhibition of fire works came off at Diehl's spacious Coliseum, to an audience numbering 3,000 or 4,000. Simultaneously with this, the great parade of Wide Awakes assembled from all parts of the State, took place, the line of march extending through the principal streets. The Wide Awakes were all in uniform of black caps and capes, carrying brilliant torches and lamps; marching four and six abreast.

The ranks were interspersed with huge wagon loads of fire works which were shot off as the procession marched, making a magnificent display. Rockets, Roman candles and serpents went rushing through the air in all directions, while the thunder of cannon and the loud flare of twenty bands of music, were heard above all with a din that was almost deafening. The progress of the procession was hailed by one continued tempest of cheering as it marched through the serried and close packed ranks of people which lined the streets on either side. The appearance of Washington street, in which the greatest congregation of people was gathered, was magnificent and striking beyond description. The windows of all the houses were packed with spectators from foundation to roof-tree, and the broad streets were almost impassable for the throng which swarmed through them like locusts in the land of Egypt. The blaze of torches lit up the city and resembled living torrents of flame pouring through the streets.

The number of Wide Awakes in the procession is variously estimated at from 5 to 8,000; from the swiftness and excitement of the march, they were uncounted, and indeed almost unaccountable. This parade was unquestionably the grandest and most impressive political display ever produced in this country.

It was pronounced on all hands a splendid success, and totally without a parallel.—There were twice as many Wide-Awakes alone, marching in ranks, as the whole number of people who attended the great Douglas ratification here, from city and country, six weeks ago. If the numbers and enthusiasm of the people here to day, are any index to the state of feeling where they come from, Indiana is as safe for Lincoln and Hamlin as any State in the Union.

SIGMA.

The Public Printing.

The proposals for doing the public printing were opened at the office of the Secretary of State at 12 o'clock to day. Under the new printing law, it will be remembered, a maximum rate is fixed on every item of work, and the form of the proposal is to do the work at such a per cent. below the maximum rates as bidders may choose. There were six proposals, as follows:

Atwood, Rublee & Reed,	55 per cent.
Carpenter & Hyer,	1 "
Calkins & Co.,	70 "
Willard G. Roberts, of Milwaukee,	20 "
M. Cullaton,	75 "
Lawson Reynolds,	61 "

Mr. Cullaton, of the *Argus*, is the lowest bidder, providing his guarantees prove satisfactory and his bid is in proper form. The bid of Reynolds was the bid relied on by the *Patriot* office, he being a brother in-law of Carpenter, and employed in the office.—*Journal.*

ABOUT 11 o'clock on Saturday night, the passengers on board the steamer Metropolis, of the New York and Fall River line, discovered in the steerage a poor woman and three children—one of them an infant seven days old. She was penniless and destitute, and was hurrying to the death bed of her dying husband, who resides near Neponset, Massachusetts. Mr. McCormick, of Bergen Point, N. J.; Mr. W. B. Davis, of No. 69 South street, Mr. Hurd, of No 4 Beekman street, New York, and some others, took her case in hand, and through their exertions raised some twenty dollars for her.—Capt. Brown, of the Metropolis, not only gave her a free passage, refreshments, and an attendant, but he was a contributor to the purse. It ought to be stated that when that woman was discovered most of the passengers had retired. The conductor of the morning train from Fall River to Boston passed her over the road free, and Mr. Brown and Mr. Hurd hired a wagon to convey the poor woman to her husband. We like to record acts like these.—*N. Y. Tribune.*

Departure of Steamers.

FOR TWO RIVERS.

The steamer *Huron* leaves Olmsted's dock, every evening at 8 o'clock, for Port Washington, Sheboygan, Manitowoc and Two Rivers.

FOR BUFFALO.

Screw steamers, with good accommodations, leave the different transportation docks every day, for Buffalo.

FOR OSWEGO AND OGDENSBURGH.

One of the Northern Transportation Co's screw steamers sails for the above ports every day, from the the Company's dock at the M. & Miss. R. R. depot, touching at nearly all intermediate ports.

FOR COLLINGWOOD.

The Collingwood Line of screw steamers leave semi-weekly from Dousman's dock, foot of East Water Street, connecting at Collingwood with the Northern Railway of Canada, for the East.

FOR GREEN BAY.

The screw steamer *Ogontz* makes weekly trips to the above port starting from Olmsted's dock.

Population and Growth of Milwaukee.

We republish this morning the returns, by Wards, of the census of our population, as taken by the U. S. Deputy Marshals. They are as follows:

First Ward	5,205
Second Ward	5,037
Third Ward	5,067
Fourth Ward	5,020
Fifth Ward	4,897
Sixth Ward	4,150
Seventh Ward	6,271
Eighth Ward	3,053
Ninth Ward	6,650
Total	45,325

As a matter of interesting comparison we subjoin the results of the U. S. Census in 1850 and the State Census of 1855, to show what portions of the City have advanced most rapidly:

	1850.	1855.	1860.
First Ward,	6,017	8 575 (1st & 7th.)	11,479
Second Ward,	4,573	9,276 (2, 6 & 9,)	15,897
Third Ward,	4,143	5,130	5,067
Fourth Ward,	2,451	8,634	5,020
Fifth Ward,	2,577	3,848 (5 & 8,)	7,920
	20,061	30,448	45,325

For the last twenty years the population of Milwaukee has increased at the following rates:

YEAR.	POPULATION.
1835	500
1840 (U. S. Census,)	1,700
1845	8,000
1850 (U. S. Census,)	20,061
1855 (State Census.)	30 448
1860 (U. S. Census.)	45,325

Although the population of our city falls short of public expectation—as is the case with *every* Western City from which returns have been received—the increase during the last five years has been large and gratifying. And could we inaugurate a new policy at Washington, which should protect our commerce and encourage our home industry—instead of being compelled, as now, to tax ourselves to build our Harbor, and to see skilled labor leaving our city in search of employment elsewhere; we should soon see Milwaukee and Wisconsin going ahead again with giant strides. We have AGRICULTURE and COMMERCE, well developed and prosperous. Add to these HOME MANUFACTURES and we shall be all right.

Our Public Schools.

Our Public Schools will re-open for the Fall Term, on Monday next. All three Departments of the Seventh Ward School will, during the term, be held in the large school building on Jefferson Street. Heretofore the Primary Department has occupied the old University building on Main Street, but the ground floor of the Seventh Ward School house, is now appropriated to their use.—The Seventh Ward School will be under the charge of Mr. MARKHAM, late Principal of the First Ward school; a zealous, competent and experienced teacher. Miss OSGOOD will preside in the Intermediate and Mrs. WOODRUFF, in the Primary Department, and each Principal will have the help of well qualified assistants.

As the school bids fair to be crowded, all pupils, desirious of obtaining seats, should be at the house a by *quarter before nine*, Monday morning.

FOR CHICAGO.—The steamer *Comet*, Capt MORGAN, will leave OLMSTED's dock, foot of Main Street to-morrow (Sunday) evening, at 7 o'clock, for Chicago and intermediate points.]

Good-Bye to Summer.

Our Summer took leave of us yesterday, amid the splendors of a golden sunset, followed by the silvery beams of a full harvest moon. And such a Summer! The oldest inhabitant cannot remember its parallel and it may be years before we shall look upon its like again. We think the world might be searched over to find a spot where finer weather has been enjoyed, during the past three months of June, July and August, than here in Milwaukee. The skies have been propitious; the soil fruitful; the harvest exuberant. Nothing has been wanting to make the Summer of 1860 a *perfect* one.

Herman Miller, disorderly. Fined $3 and costs. Given time to pay.

P. J Sullivan, drunk. Fined $1 and costs. Allowed twenty-four hours to leave the city.

Martin Walters, drunk. Fined $1 and costs. Paid.

Jas Beard, complained of for rape on a child seven years old. Court deemed it advisable to commit him to await the action of the Grand Jury.

R. B. Lynch. Argument on the motion for a new trial postponed to the 6th of September.

GYMNASIUM IN YOUNG'S BLOCK.—The Gymnasium in the South-East corner of Young's Block, next to the Post Office, was visited by a large number of our citizens, yesterday. The room is 60 by 40. and 18 feet in the clear. It is well lighted and ventilated, and supplied with all the necessary apparatus. It is, indeed, complete in all respects. The lessee, Mr. GRISWOLD, will spare no pains to satisfy his customers. The formal opening takes place *to-day*. We invite our citizens to go and take a look at it and resolve to patronize the Gymnasium. A large number have already signified their purpose to do so.

THE LOCAL of the *People's Press* says:

"While we are connected with the local department of this paper, we will allow no article to appear in its local columns which will reflect upon the religion or nativity of any of our citizens, believing such things to be beneath the dignity of high minded and honorable men. Will the local of the SENTINEL take the hint?"

That is a very good resolution. When the same local arrives at the determination to tell the truth, even at the sacrifice of interest, he will be the model of a local that his own fend fancy pictures.

THE MORNING STAR.—Venus caused considerable speculation in our streets yesterday, by disclosing her beauties during the hours allotted to "Sol." She looked down brightly and sweetly on the upturned faces of those who were willing to bet it was BUTTLE's kite, and a comet, and everything but the Goddess of Love. There was nothing star-tling in the view, but many turned their thoughts above, who otherwise would never had the provocation.

BASE BALL MATCH.—The grand match between the Milwaukee and Excelsior Base Ball Clubs of our city, comes off, on the old Fair Grounds, Spring Street Hill, at 3 o'clock *this*, Saturday afternoon. The players are requested to be on the ground by a quarter before 3. An omnibus will leave the corner of Main and Wisconsin streets, at half past 2, to convey parties to the ground. The match will be well worth seeing by all who are fond of manly sports.

NOW IS A FAVORABLE OPPORTUNITY.—We would call especial attention to the advertisement of Dr. AYER, who is now at the Newhall House. There is hardly a man, woman or child in the West but who has heard of Dr. AYER and of his marked success. No physician in the Union is better or more favorably known for *curing* catarrh, throat diseases, bronchitis, asthma and curable lung diseases, and other chronic affections.

THE Detroit and Milwaukee Railway have made arrangements by which passengers are now ticketed to Toledo, Cleveland, Cincinnati and points South by rail from Detroit, or by steamer to Cleveland, and rail from that point. This arrangement will be of great advantage to travelers, as it gives the choice of routes from Detroit.

PRIME CIGARS.—We are indebted to HOBART & Co. for a box of extra regalias, which are superior to anything we have touched a match to for a long time. Messrs. HOBART & Co. have one of the largest and best filled warehouses in the city, and their stock is pronounced by good judges superior to general western stock offered to country purchasers.

THIS AFTERNOON at 2 o'clock precisely, the Sheriff's sale of the two dwelling houses on Jackson street, Seventh Ward, comes off. The sale takes place at the Court House. The property will be sold on such terms that most any one can pay—ten per cent. down on the day of sale, and the balance in one, two, three and four years with seven per cent. interest.

WISCONSIN AGRICULTURAL AND MECHANICAL ASSOCIATION.

First Annual Exhibition.

The First Annual Exhibition of this Society, organized under a law passed last winter, will be held at their Fair Grounds in this city, on the 2d, 3d, 4th and 5th of October. The grounds, which include the well-known Cold Spring Course, a short distance west of the river, have been put in complete order. The track has been widened, leveled and otherwise improved. One hundred feet have been added to the Grand Stand.—New fences have been put up and so extended, on the West and South, as to bring into the enclosure the fine grove outside of the old course. The premiums are liberal and all payable in *cash*. The committee of management embraces the names of our most responsible citizens; and the public may rely upon it that every promise made in the programme of exhibition will be fulfilled to the letter. Any information that may be devised, in regard to the details of the show, can be obtained on application to the Secretary, Mr. I. A. LAPHAM of this city. The following particulars are taken from the published bulletin of the Society:

The gates will be open for the admission of the public, from 9 o'clock until sundown, of each day.

The Chief Marshal and Superintendents of the exhibition will meet at the President's office at 8 o'clock A. M., to perfect the arrangements for the day.

Entries of stock may be made at any time with the Secretary by letter or otherwise, by forwarding the amount of entrance fee, until 9 o'clock P. M. Monday, October 1, when the books must be made up for the Judges. The horses will be marked with cards furnished by the Secretary, designating the number of entry and the class, and during the exhibition they must be placed entirely under the management of the officers of the Society.

Exhibitors entering colts of the age of three years and under, shall furnish to the Judges evidence of the time of foaling to be filed by them with the Secretary. Authenticated pedigrees of thorough bred horses, origin and age, must be furnished for every horse offered for premium.

Persons entering brood mares, must furnish satisfactory proof, in writing, that they have bred either this or the preceeding year.

All horses entered will be at the risk of the owners. The most effectual means will be taken through the agency of the police and otherwise, to guard and protect the horses exhibited; but the Directors cannot be responsible for injuries occasioned from accidents, or otherwise.

It will be the duty of the Judges in each class, to consider carefully all the properties which constitute the most desirable animal for the purpose deisgnated in the class wherein it shall be offered, and award the premiums accordingly. They will award no premiums, however, to unworthy animals.

If sufficient time has not been given in the programme for the Judges to examine any one class before the calling of another, the first named class will be examined on a vacant part of the ground, to be designated by the Chief Marshal. Arrangements will be made for the trial of draft horses, by testing their strength, docility, etc, at a load.

The Judges, if not satisfied as to the regularity of the entries in the respective classes; or of the ages of the horses as recorded in the entries, will apply to the Secretary for information, and should there be any doubt, after examination, of their coming within the regulations, or if any horse is of such a character as not to be entitled to exhibition in competition, they will report the fact for the consideration of the Directors, that such course may be adopted as the case may require.

The Judges will report to the Executive Committee, not only the horses entitled to premiums, but also those next in merit in each class, to meet the contingency of any objection which may arise to the award. All horses not obtaining premiums which in the opinion of the Judges deserve special commendation, will be so reported to the Directors.

The Treasurer will pay premiums awarded at the business office, on the ground, at the close of the exhibition, and at his office in the city, during the following month; or will forward any premium not so paid, in such manner as the person entitled to the premium may direct.

Premiums will not be paid on animals removed from the exhibition, unless such removal has the special approval of the Grand Marshal, and premiums not claimed within thirty days after the award, will be considered as forfeited.

Arrangements will be made to furnish refreshments for visitors on the field, at a moderate charge. A saloon for ladies will be arranged, with a drawing room for their accommodation, with female attendants.

For the greater convenience of editors and reporters for the press, a stand has been especially set apart for their use, and every facility will be afforded them to obtain and transmit information.

A Committee of Reception from the Press, will receive their brethren from abroad on the field and further the purpose of their coming. They are requested to announce themselves on arriving and to present their names or credentials at the Secretary's office, when they will be furnished with cards of admission, &c.

Arrangements have been made to carry stock free (at owners' risk) and passengers at half fare, with the following railroad companies:

Milwaukee and Horicon.
Milwaukee and Mississippi.
Milwaukee and Chicago.
Milwaukee and Watertown.
La Crosse and Milwaukee, (except as to stock.)

It is desirable that those who intend to make entries for premiums, should notify the Secretary on, or before September 24, that arrangements may positively be made for their accommodation. Letters may be addressed to the Secretary at Milwaukee.

Reports of the doings of the exhibition will be officially published.

Persons wishing copies of the premium list can have the same sent to their address by furnishing name to the Secretary.

Some of the best horses in the country are expected at this exhibition, and as the Society intend to make a *permanent* thing of it, not depending upon State aid, they will spare no pains or expense to render it signally successful.

We are at length on the up grade. Grain is coming in almost by the hundred thousand a day, and we begin to feel the benefits of it. Thand God! daylight has come at last.—*Wisconsin.*

Right happy are we in knowing that our friend CLODY feels better since grain is plentier. Nor do we at all feel sorry that daylight has come to him at last. In common with himself and all his friends we rejoice.

BRUTALITY.—An Englishman by the name of JAS. BEARD was arrested on Thursday night, in the Third Ward, for attempting to commit personal violence upon the person of a little girl named MILLER, only seven years old. BEARD is thirty-three. He was committed to await the action of the Grand Jury.

DOMESTIC CABINET MENDER.—It is one of the marvels of the age that such vast sums are expended in getting up apparently trifling articles; and another marvel that these are of so much utility. Large fortunes have been made out of matches, which are sold at the rate of one or two hundred for a penny. Somewhat similar, we are told, is to be the success of a recent invention for repairing all kinds of furniture,—"SPALDING's Prepared Glue." It is prepared chemically, will keep in all climates, may be applied on the instant, and if all that is said of it is true, must become highly useful in repairing broken furniture, dilapidated books, and indeed in all cases where glue is usually applied.—*N. Y. Observer.*

LECTURES.—Mr. E. W. WILSON, of New York, a celebrated Clairvoyant Test Medium, will lecture at Good Templar's Hall, in BOWMAN's Block, on Sunday, at three, and half-past seven o'clock P. M. At the conclusion of the lectures Mr. WILSON will delineate the character of persons in the audience, and describe the appearance of their spirit friends.

Admission ten cents, to defray expenses. The public are respectfully invited to attend.

APPLES, APPLES!—40 barrels will be sold at City Auction Rooms, this Saturday morning, at 10 o'clock.

PITTSBURGH AND FT. WAYNE R. R.—One of the most popular railroads in the West is the Pittsburgh and Fort Wayne. We think that much of the travel between the East and West is now carried on by this route, an increase of popularity which is owing to the unexampled scenery a long the line, and the provision which is made to render travel as comfortable as possible. *

What is it? What is it that attracts such crowds, nightly, to 269 Main Street? It is the Eureka Light, that eclipses everything in the way of Portable Gas Light ever before introduced. If you want a brilliant, soft, steady light, to read or work by, that will not cost over three-quarters of a cent per hour, go to 269 Main street and provide yourself with a burner for ten shillings, which can be attached to any lamp for a mere trifle. 2t

DOCTOR AYER

NOW AT THE

NEWHALL HOUSE

Effects Speedy and Radical Cures of

THROAT DISEASES,

Nasal Catarrh,

BRONCHITIS, ASTHMA,

And other Chronic Diseases by the

NEW SYSTEM OF TREATMENT!

Opinions of the People.

Rev. S. F. Chalfant, Presiding Elder of the Methodist Conference, settled in Dayton, Ohio, whom Dr. Ayer cured of Chronic Inflammation of the Throat and Nasal Catarrh, says:

"I take pleasure in saying that such has been the success of Dr. Ayer in treating my case, that I can cordially recommend him to those who may be suffering from Chronic Catarrh, or diseases of the Throat and Lungs."

The following letter is from the pen of one of the best known merchants in Cincinnati, Mr. Adams, of the wholesale dry goods house of Hughes, Adams & Co., Walnut street:

CINCINNATI, Nov. 29, 1859.

"For several years I have suffered extremely from Bronchitis, and within the last two years it had assumed some of the peculiar and most distressing symptoms of Asthma, and I had often been so suffocated as to have strong apprehensions that I might die from suffocation consequent upon the disease.—I applied to Dr. I. Winslow Ayer, who prescribed for me with the happiest results. His success was so marked and complete with me, that I must cordially commend him as a skillful physician, justly deserving the celebrity he enjoys.

SOLOMON ADAMS, Store, Walnut street.

The following letter is from the pen of a clergyman well known in this city:

"CLEVELAND, Aug. 14, '60.

Having been afflicted for a long time with an affection of the throat, I made trial of Dr. Ayer's new system of practice in such complaints. I do not hesitate to express my warm approval of its effects. Dr. Ayer is candid in the expression of his opinions, and gives evidence of extraordinary skill in the treatment of such diseases. I would certainly advise my friends similarly affected, to visit Dr. Ayer, and try the system for themselves, I am fully satisfied that it will affect speedy and radical cures.

J. B. ALLEN,
Pastor of Presbyterian Church, Brooklyn."

The following letter is from a Cleveland merchant whose name and influence is widely known:

"CLEVELAND, June 23, 1860.

A short time ago I placed myself under the treatment of Dr. I. W. Ayer, for the Nasal Catarrh Throat Disease and General Debility. Having so often tried the various advertised remedies, I was not over credulous respecting the efficacy of any new system, but to my great gratification and astonishment Dr. Ayer's success with me has been truly remarkable. The remedies employed, which, by the way, are wholly unlike any I had ever before seen, acted like magic. So complete has been his success that I cordially commend him to my friends as a physician of eminent skill in the speciality to which he is devoted. I am satisfied that he thoroughly understands the nature and true mode of treatment of this class of cases.

H. RANNEY,
Boot and Shoe Store."

THE EFFECTS PERMANENT.

The writer, Mr. C. A. Vanslyke, of Buffalo, N. Y., is well known to the merchants of Cleveland as one of the most enterprising ship and boat builders on Lake Erie. The sterling character of the writer as an honorable, high-minded gentleman, and an enterprising builder, will give weight to his testimony:

"CLEVELAND, July 24, 1860.

"DR. I. WINSLOW AYER—Dear Sir:—I will with pleasure answer your inquiry relative to the permanency of the cure you made of my throat some two years ago. I had chronic inflammation of the throat—laryngitis, I believed you called the disease—and had it for several years. I tried a variety of medicines. with little or no benefit, and when I applied to you I hardly looked for a speedy cure, but I was very agreeably surprised. I soon recovered entirely, and could sing, read or talk as well as ever and every trace of disease disappeared; and I am most happy to say that up to the present time I have had no return of the disease, and am perfectly well. I regard the period of two years as quite sufficient to warrant my speaking of the effects of your practice as PERMANENT. It is all you claim for it. Indeed, if it had not been, this period with all the vicissitudes of climate in Buffalo, exposed as I have been in the superintendence of an extensive business by the lake, would have disclosed the fact.

"Very truly yours,
"C. A. VANSLYKE,
No. 16 Franklin street, Buffalo, N. Y."

FREE HOMESTEADS.

The News Garbling the Record!

The *News* copies from the N. Y. *Tribune* so much of an article, showing the positions of the different political parties in the country on the Homestead question, as stated that "Mr. DOUGLAS, some years ago, spoke on the right side of the main question," and "sometimes, perhaps generally, voted for some sort of a Land-Reform Bill, looking in the direction of Free Homes," and then proceeds to say:

"That Hannibal Hamlin, the Republican candidate for Vice President, has sometimes, perhaps generally, voted *against* some sort of a Land-Reform Bill looking in the direction of Free Homes, is true. For proof of this, we refer to Greeley's text book, page 159, which says, "The Senate finally, on the 10th of May, passed Mr. Johnson's bill, 44 to 8—the *nays* being Messrs. Bragg, Clingman, HAMLIN, Mason, Pearce, Powell and Toombs."

Now we propose to quote from the very authority cited by the *News* (GREELEY'S Text-Book for 1860,) *the whole story* in regard to this Homestead Bill, and we invite the *News* to publish it and men of all parties—especially WORKING MEN—to read it.

On the 6th of March, 1860, Mr. LOVEJOY (Republican) from the Committee on Public Lands, reported the bill, previously introduced by Mr. GROW (Republican) "*to secure Homesteads to actual settlers on the public domain.*" This bill, after sharp opposition from the South, passed by a vote of 115 yeas to 65 nays—the nays all from the Slave States, except MONTGOMERY (Democrat) of Pennsylvania. In the Senate, Mr. JOHNSON, (Democrat) of Tennessee, reported to substitute his own less liberal bill for that of Mr. GROW. Mr. WADE (Republican) of Ohio, moved to amend the report by substituting the House Bill. The motion was lost—yeas 26, nays 31—the yeas *all* Republicans, except DOUGLAS, RICE and TOOMBS, and the nays *all Democrats*. Mr. HAMLIN voted, with the rest of the Republicans, in the affirmative, but Democracy beat them. Mr. JOHNSON'S bill passed the Senate, 44 to 8, Mr. HAMLIN and seven Democrats voting against it. The House refused to concur and the Senate would not recede. Finally, after protracted conferences, a committee of the Senate and House reported a *compromise* bill, embracing the prominent features of both the others. The House agreed to this report, by 115 to 51, and the Senate, by 36 to 2—the nays *all from* Slave States. Of course, the President, following Democratic usages, *vetoed the bill*. It came back to the Senate and the question being, shall the bill pass notwithstanding the veto, it was *lost*, for want of two-thirds, by the following vote:

YEAS—Anthony, *Brown*, Chandler, Clark, Doolittle, Durkee, Fessenden, *Fitch*, Foot, Foster, *Gwin*, Hale, HAMLIN, Harlan, King, *Lane*, *Latham*, *Nicholson*, *Polk*, *Pugh*, *Rice*, Simmons, Sumner, Ten Eyck, Trumbull, Wade, Wilkinson, Wilson,—28.

Republicans 19—Democrats 9.

NAYS—Bragg, Chesnut, Crittenden, Davis, Fitzpatrick, Green, Hempshill, Hunter, Iverson, Johnson, (Tenn.,) Johnson, (Ark.,) Mallory, Mason, Pearce, Powell, Sebastian, Wigfall, Yulee,—18.

☞ *All Democrats, and all from Slave States.*

On this, the vote which *decided the fate of the bill*, Mr. HAMLIN *voted for it*, while Mr. DOUGLAS was among the missing. Such is the complete record, and it effectually demolishes the statement of the *News*. It shows that the FREE HOMESTEAD bill was supported by the REPUBLICANS *in mass*, and that it met its death at the hands of the Sham Democracy. Let the Mechanics and Workingmen of the United States remember at the polls next November, the *enemies* of FREE LABOR, of HOME INDUSTRY and of LANDS FOR THE LANDLESS!

"THE BLIND LEADING THE BLIND."—The *News* of yesterday contains the proceedings of the Seventh Ward Douglas Club on Wednesday last. Among the orators who delighted the select audience assembled on the occasion were those aspiring youths, Mr. JNO. A. SAVAGE, Jr., and Mr. JOSHUA LA DUE. It is to be regretted that the record of their brilliant speeches is so brief that the public must be necessarily left in the dark as to what they said. Mr. SAVAGE, for instance, is dismissed with this curt notice:

Mr. John A. Savage, Jr., being called for, responded in a good sound speech, dealing heavy blows at the dark lantern party, and ended satisfactory to all.

No doubt it must have been highly "satisfactory to all" when Mr. SAVAGE "ended" as he seems to have directed all of his artillery at his own allies, "the Dark Lantern party." This was a sad waste of powder.

Mr. LA DUE, our much-talking City Attorney, is thus reported:

Mr. La Due being called for, spoke at some length, showing the inconsistency of the black republican party, and comparing records of the candidates, with the exception of Honest Old Abe Lincoln, whose record he was unable to find.

Such ignorance in a distinguished city official, is greatly to be deplored. Let us hasten to assure Mr. LA DUE that we will gladly supply his wants in this regard and furnish him with the "record" he was unable to find—so that the next time he may know something of what he is talking about. This would impart a refreshing variety to his speeches.

TROUBLED ABOUT THE FUSION.—The SENTINEL continues to harp on the fusion in New York, and misrepresents the parties to it.—*News, of yesterday.*

The SENTINEL is not in the least "troubled" about the DOUGLAS and Know-Nothing "fusion" in New York, nor does it "misrepresent the parties to it." These "parties" are the DOUGLAS leaders, on the one hand, and the BROOKS' Know-Nothings, on the other. The "fusion" suits us exactly. It is at once a public confession of weakness and a striking proof of hypocrisy, on the part of both DOUGLAS men and Know-Nothings. And it involves, on both sides, such a shameless abandonment of principle, as to expose the contracting parties to the ridicule and contempt of the great body of the People.

ELECTIONS AT HAND.—The annual State election in Vermont occurs on Tuesday next. That of Maine will take place on the Monday following—Sept. 10. These two States will set the "fall fashions." They promise to be distinctly Republican.

The Only Man to Save the Union.

Senator HAMMOND, of South Carolina, in reply to an invitation to address a political meeting, thus certifies that BRECKINRIDGE is the only man to save the Union:

REDCLIFF, August 5, 1860.

* * * * * * *

I have had the pleasure of a somewhat intimate acquaintance with the Vice-President and General Lane during the last three sessions of Congress, and while I deem them eminently qualified for the exalted positions for which they have been named, I do not believe that any two men could be found in America who would so promptly, and without a second thought, lay down their lives, if needed, for the preservation of the Union. I confess I am myself very far behind them in that particular. In my humble judgment every vote given to them is a vote for the Union, and every vote given to any other candidate in the field is, whether intended or not, a vote against the Union. And it is to me passing strange, that while *every sensible man in this country must know that the election of Lincoln will put the Union in imminent and instant hazard*, and that neither Mr. Bell nor Mr. Douglas can lay claim to one single authenticated and assured electoral vote, any Southern man, or any Northern, Eastern or Western patriot, should, under any pretence, withhold his ardent support from the only men who, in this greatest of all the crises which our country has known since the adoption of the Constitution, can, under the circumstances, prolong, and perhaps make permanent, this confederacy. I cannot help believing that they will be elected. It is the next best step, for the success of which everything but principle should be sacrificed. Very truly yours,

JOHN HAMMOND.

SOUTH CAROLINA has always had a chronic complaint on the subject of the Union and her Senator is not exempt from the infirmity. The election of Mr. LINCOLN would do more to strengthen the bonds of the Union, than the success of any one of his competitors; since his Administration would speedily convince the South that their apprehensions of any inroad upon their rights were entirely groundless.

Another "Tally" for Breckinridge.

Ex-Senator MARVIN H. BOVEE, of Eagle, a prominent and influential member of the Democratic party and well known in this and other States for his zealous labors to bring about the abolition of Capital Punishment, publishes a long and able communication in the Madison *Argus & Democrat*, giving his reasons for opposing DOUGLAS and supporting BRECKINRIDGE. We have only room for the concluding paragraphs:

"The recent successful attempt of the Douglas party to unite with the almost lifeless remains of the Know Nothings of New York is looked upon with suspicion and fear by many of the supporters of the Illinois Senator.

For the Douglas party to take to its embrace so corrupt an organization is indicative of its own weakness and utter abandonment of principle. If the Democratic party has principles, which it certainly has, let it stand upon the platform of '56, and utterly refuse to coalesce with an organization which is essentially opposed to its principles. An honorable defeat upon a platform of principle is far preferable to success which is purchased by a disgraceful coalition.

But time or space will not permit an extended argument at this time.

I have never *asked* an office at the hands of any Federal Administration; but once accepted an appointment that was tendered me by our Senators and Representatives in Congress, which position was held six weeks, when my successor was named *without consultation with me*. As this change was effected by political strategy, involving no charge of dereliction of official duty, the cheerfulness with which it was received by me was only outweighed by the reluctance with which the appointment was accepted. I have not asked, neither do I desire, any position at the hands of the present Administration. That honor, which is reflected from official position has no charm for me, preferring, as I do, that reputation which individual exertion alone can obtain.

Breckinridge and Lane will receive my cordial support.

I am, dear sir,
Yours very truly.
MARVIN H. BOVEE.

Eagle, Wis., Aug. 28, 1860.

The Way to Do It.

The Republicans of Lansing, the capital of Michigan, are making great preparations to receive Senator SEWARD. The Detroit *Tribune* says:

"The agent of the Lansing Wide-Awakes has been in this city, making extensive preparations for the event. If the weather is good, it is designed to escort Mr. Seward from St. John's to Lansing, with a cavalcade of 200 mounted horsemen and 100 teams, if so many are needed to convey the passengers that wish to go from St. John's.

One Republican farmer has furnished a fat ox, and another one a second, and a third has offered another if needed, which are to be roasted whole, to feed the people. Another farmer has given three acres of potatoes, and another two acres, and so on through the catalogue of eatables."

We hope that the Republicans of Wisconsin will emulate the spirited example of their brethren in Michigan in the preparations made to receive and entertain the distinguished Senator from New York.

GOV. SEWARD'S PARTY FOR THE WEST.—The Auburn *Advertiser* learns, from a responsible source, that Lieutenant Governor PATTERSON and Gen. NYE, of New York, together with the Hon. CHARLES FRANCIS ADAMS, of Quincy, Mass., and his son C. F. ADAMS, Esq., of Boston, as also GEO. E. BAKER, Esq., of Albany, will accompany the Governor on his western excursion.

The party leave Auburn *to-day*, for Niagara Falls, and expect to arrive in Detroit on Monday evening. They will spend the week in Michigan and will probably reach Milwaukee on Monday, the 10th inst. The exact day cannot be ascertained until Mr. SEWARD reaches Detroit.

PLAYING AT CROSS PURPOSES.—The Boston *Post*, good Democratic authority, says that Governor JOHNSON, candidate for Vice-President on the DOUGLAS ticket, said in a recent speech at Augusta, Ga., that if any one could prove to him that Mr. DOUGLAS was in favor of Squatter Sovereignty, he would vote for Mr. BRECKINRIDGE. If the *Post* is right, Mr. DOUGLAS will lose the vote of his associate on the ticket. Here at the North the single plank in the DOUGLAS platform, the one idea" of the DOUGLAS party, is "Squatter Sovereignty." They are utterly dumb about every other question of public policy.

MORE SENSIBLE TALK FROM THE SOUTH.—The Augusta (Georgia) *Chronicle and Sentinel* of the 26th ult., taking for its text the crops of 1860, administers a sharp reproof, to the demagogues, North or South, who are raising the cry for petty party objects. It says:

"It is known and read of all men that the Cotton States do not usually supply themselves with abundance of home-grown provisions for man and beast. This year we shall fall far short of such adequate supply—in fact, it is even doubtful whether the Slave States can supply themselves. Large portions of South Carolina, Georgia, Alabama, Mississippi, Florida, Louisiana and Texas, will fall very short in grain, and these portions never do supply themselves fully with home grown bacon—a large part of this is supplied by Tennessee and Kentucky. This year Tennessee suffers in corn, after making a very short crop of wheat.—Kentucky has promise of a large corn crop; but her's will be almost the only available surplus in the Slave States. While North Carolina, Virginia and Maryland, have made a fair wheat average, and have good promise of Indian corn, yet they do not usually produce a surplus of the latter—wheat and tobacco being their money crops.

It is evident that we must look not only beyond the Cotton States, but beyond the the Slave States even, for supplies to keep us going until the harvest of 1861. And not only this, but the fearful scourge of drouth has laid its hand heavily upon the cotton fields, and while we need more provisions than ever, we shall yet have less means of purchase than ever. What folly, then, what utter madness, for wicked and selfish demagogues to attempt to precipitate us unnecessarily into revolution; when everybody knows that we must go to the Squatters of the North-west for bread and meat, even though we have no standing army (except these very demagogues and their retainers) to support."

A MODEL SPEECH.—In these days of long and pointless speeches, such an one as the following is as refreshing, as it is rare. It was made by THURLOW WEED, at Syracuse, the other evening, when he was serenaded by the Republicans there:

"Fellow citizens and friends:—For the kindness of this visit I tender you my grateful thanks. I see in this vast assemblage of Republican young men a rekindling of the watch fires that burned so brightly in this beautiful city twenty years ago Let us make this campaign as triumphant and glorious as that of 1840. I know that you will do your whole duty, and I will endeavor to do mine. God bless you all. Good night."

Mr. WEED then retired amid enthusiastic cheering.

Affairs in Grant County.

Correspondence of the Sentinel.

GRANT CO., Aug 28.

MR. EDITOR:—It is not often, I believe, that you are bored with communications from Grant County, and therefore I take the liberty to write you a few lines concerning matters and things hereabouts.

Politically speaking, we are flourishing very finely. Every day sees additions made to the number that will cast their votes for "Honest ABE." The Democratic party in this county is very much divided, and the vote for BRECKINRIDGE and LANE will be greater than most persons acquainted with Wisconsin politics imagine. When such men as NELSON and WM. PITT DEWEY go for BRECKINRIDGE, it is not likely that there will be no one to follow them. So you may draw on Grant County for 1,500 to 2,000 majority for LINCOLN and HAMLIN.

The P. M. at Platteville, Major J. H. ROUNTREE, is "crazy for DOUGLAS." How this happens I know not. The office is worth some $800 per year, and there are plenty of "true blues" here who would gladly step into the Major's shoes. He denounces BRECKINRIDGE and LANE as the disunion, fire-eating candidates, and makes it a part of his business to circulate DOUGLAS documents. I am afraid he will wake up some of these fine mornings and find himself politically decapitated.

The nomination of HANCHETT for Congress is very well received here, and he will poll the full strength of the party in this county. His election, I presume, is beyond a doubt.

As the time for nominating candidates for the Legislature approaches, the old question of county division begins to be agitated, and many are firm in the belief that something will be done by the Legislature this winter to settle the matter.

There can be no doubt that the county is entirely too large and unwieldy. Why, it requires several years to get a judgment on a civil suit in this county, as the number of cases on the docket range from two hundred and fifty to three hundred every term, and are never all disposed of at a single sitting of the Court. The salaries of those county officers, which are paid by fees, amount each to several thousand dollars per annum, and this gives rise to another great evil—and that is the continued strife among so many for the honor of serving the "dear people." It is proposed to divide the county into three, as follows: The County of Au Bay, to consist of the towns of Wingville, Blue River, Muscoda, Waterstown, Hickory Grove, Fennimore, Millville, Marion and Wyalusing; Grant county, to consist of the towns of Potosi, Lancaster, Little Grant, Beetown, Waterloo, Cassville and Patch Grove; the county of Platte, to consist of the towns of Hazel Green, Jamestown, Paris, Smelsez, Platteville, Harrison, Ellenboro', Lima, Clifton and Liberty. The county seat of Du Bay county would probably be Boscobel; of Grant county, Lancaster, and of Platte, Platteville. If the county is divided as above, the division will be about equal, and will be better for all concerned, except a few who grow fat out of fees for various services.

This county is one of the finest agricultural regions in the West, and is not, as many suppose, devoted almost wholly to mining. Fruit seems to do better here than in any other place in the State. There is hardly a farm without an orchard, and they all appear to be doing well. Persons in search of farms can do no better than to purchase here.

I have already written more than I intended when I began, so I will say no more at present. Yours, &c., W. S.

Blondin and Farini.

The announcement that these notorious individuals would each carry a man upon their respective cables drew a crowd to the Falls yesterday. At least 1,000 persons went from this city.

Blondin's performance was witnessed by, we should say, 4,000 people, stationed within his enclosures on the American and Canadian sides, and upon the Bridge. His receipts must have been something handsome.

Precisely at 4 o'clock—let him be commended for his punctuality—the natty little Frenchman made his appearance, uttered his peculiar and irresistible "Good-bye, ladies and gentlemen," and ran—we use the word understandingly—out upon his rope. Having proceeded perhaps two hundred feet, he commenced a series of gymnastic exercises that we venture to say no other man in the world would dare attempt. First he lay at full length upon the rope; then he turned a number of back sommersets; then he hung by both feet; then by one foot; then by one leg crooked at the knee joint; then he stood upon his head. These feats were performed with amazing rapidity—a rapidity that was fearful to witness—or would have been but for the perfect self-possession that was apparent in every motion. We were not at all surprised to hear the nervous "Ohs!" of the ladies—a large number of whom were present—during this dare-devil performance.

Having reached the centre of his rope, Blondin laid aside his balance pole, placed his stomach upon the cable and went through the motions of swimming, after which he descended the swing, which is a permanent fixture at that point. This swing hangs about thirty feet below the cable.—Here he set himself whirling, making eighteen revolutions in about as many seconds, and performed various other surprising feats, concluding and climaxing the whole by hanging to the swing with his head downwards. He then ascended to the cable, picked up his pole and trotted to the Canada side. The time occupied in the whole journey was a little over fifteen minutes.

After a delay of about a half hour, which was mainly occupied in adjusting the guys and tightening the cable, Monsieur B. made his appearance on the Canada end of the cable, bearing his good-looking agent, Mr. Harry Colcord, upon his back. Considering the fact that Mr. C. weighs 145 pounds, and that Blondin himself weighs but 125, it may be imagined that he had a pretty good load to carry. It was perfectly wonderful to witness the ease with which Blondin achieved this most difficult and dangerous undertaking. Colcord left his perch—we cannot think of a better word—but twice during entire walk, and then merely stood upon the rope for a half minute or so, for the purpose of "straightening out." In exactly fourteen minutes from the time that they left the Canada shore they were received upon the American side with the hearty plaudits of the assembled thousands.

Blondin was as cool and self-possessed at the close of his labors as he was before he commenced them. A physician who felt his pulse, a few minutes after he left the rope, assured us that it was "perfectly regular." Colcord looked very pale as he placed his feet on *terra firma*, and seemed to be considerably excited. It is but fair to say, however, that he has been confined to his bed for several days, by a fever, and only left it for the sake of keeping his engagement—a fact which is much to his credit.

Take it all in all, Blondin's ascension, yesterday, was a perfect triumph—one which places him out of the reach of all would-be rivals, and entitles him to the appellation of "the King of the Cable." Those who saw him will not dispute our word. Let those who did not, witness his next performance and judge whether we are right or wrong.

We were not able to witness the night ascension, but entertain no doubt of its perfect success.

Farini started with his man—a Canadian by the name of McMullen—at 5 o'clock. He entered upon his task with evident fear and trembling, and proceeded with it in a bungling and awkward manner. Having gone out about fifty feet, he compelled his animate load to descend from its position, stretch out its respective legs, place its hands upon his shoulders and trudge along after him. It was carry and unload, unload and carry for the three-quarters of an hour that he occupied in his "performance,"—which is acknowledged by all to have been an exceedingly sorry one. It was witnessed by less than 1,500 persons. Farini may have pluck, but he lacks tact and experience. He m[...]y aspire to be called the rival of Blond[...]n, but, at present, he must consent to be k[...]own merely as his imitator. "Nurcin [...]," say the Germans. There is only o[...]e Blondin say we.—*Buffalo Express, Aug. 30.*

The New American Watch.

IN ORDER TO MEET THE REQUIREMENTS of Gentlemen who prefer a thinner watch than those usually made by us, we have lately issued a new style of watch on the three-quarter plate model, especially designed for this purpose.

In establishing this new series, it has also been our design to produce a watch in every way superior to the best and highest priced products of the most reputable of English and Swiss watch manufacturers; and no labor or expense has been spared to this end.

In all respects of fine and durable material, of external and internal finish, accurate compensation and adjustment, of mathematically just proportions, and of *practical results*, our new three-quarter plate watch challenges competition with any in the world.

THE BLOOD IS THE LIFE.

NO MORE SHALL THE POOR SUFFERERS in our country languish, their constitutions racked and torn by strong and dangerous mineral medicines; they will come to the fountain of health, found in simple herbs and roots from nature's storehouse. THE MOUNTAIN HERB PILLS, of innocent mountain plants composed, will reach and stop their distress, and cause the blood, renewed and cleansed, to carry through the body the elements of health: building up the broken constitution and carrying life and health, where but for them would have been the wreck of hope—the feeble moan of suffering, at last ended by the cold hand of death. Do not let prejudice overcome your better reason: do not look upon these Pills as only like others; do not let your despair, after trying everything else, prevent you from trying them. The blood must be pure, and then sickness is impossible.—What a great and yet simple truth is this! it appeals to the common sense of all: it is the great key-stone of the healing art. JUDSON'S MOUNTAIN HERB PILLS will purify and cleanse it as sure as the sun will rise to-morrow.

EVENING.

BY TENNYSON.

Low-flowing breezes are roaming the broad valley dimm'd in the gloaming,
Through the black-stemm'd pines only the far river shines.
Creeping through blossomy rushes and bowers of rose blowing bushes,
Down by the poplars tall rivulets babble and fall.
Barketh the shepherd-dog cheerily; the grasshopper carroleth clearly;
Deeply the turtle dove coos; shrilly the owlet halloos
Winds creep; dews fall chilly; in her first sleep earth breathes stilly;
Over the pools in the burn, waterknats murmur and mourn.
Sadly the far kine loweth; the glimmering water outfloweth;
Twin peaks shadowed with pine slope to the dark hyaline.
Low-throned Hesper is stayed between the two peaks; but the Naiad,
Throbbing in mild unrest, holds him beneath in her breast.
The ancient poetess singeth that Hesperus all things bringeth,
Soothing the wearied mind. Bring me my love, Rosalind!
Thou comest morning and even; she cometh not morning or even.
False-eyed Hesper, unkind, where is my sweet Rosalind?

A HUNT ON THE HIGHWAY.

From the Journal of an English Police Officer.

There was a shrewd robber somewhere.—The farm houses were robbed; shops were robbed; the tills of the bars at the wayside inns were robbed; and the people had their pockets picked. All this happened in the region of country between Cidney and Lowstone—not a field of vast extent—and yet the robber or robbers could not be found. Officers had searched in every direction, and several suspicious looking individuals had been apprehended—but the real culprit still remained at large. One day the mail was robbed, and on the next a man had his pocket picked of five hundred pounds, while riding in the stagecoach—for the narrative dates back to the old coaching days. The money had been carried in his breast pocket, and he knew that it was stolen from him while he was enjoying a bit of a doze on the road.

I had been confined to my house by a severe cold for several days, and was not fit to go out now; but as this matter was becoming so serious, I felt it my duty to be on the move, and accordingly I fortified my throat and breast with warm flannel and set forth. I had settled a plan in my mind, for I had not yet been upon the road, and was not thoroughly "posted up." A ride of five miles brought me to Sidney, and thence I meant to take a coach to Lowstone, where Sam Stickney, one of the shrewdest of men, lived. Stickney had already been on the search, and I wished to consult him before making any decided movement. I reached Sidney at half past five in the morning, and the coach left at six. Lowstone was sixty miles distant, so I had a good ride before me. During the early part of the day I rode upon the box with the driver, and from him I gained considerable information touching the various robberies that had been committed. He was forced to admit that several people had been robbed in his stage, though he declared that he couldn't see into it, for he had not the most remote idea even of who the robber could be.

We reached Bonniville at noon, where we stopped to dine, and when we left this place I was the only passenger. At the distance of twelve miles, at a little village called Cawthrone, we stopped to change horses, and here another passenger got up. I had been occupying the forward seat, as that happened to be wider than the others, and gave me a better opportunity for laying down; and when the new comer entered he took the back seat. He was a young man, I judged, and not very tall in stature, but so completely bundled up was he in shawls and mufflers, that his size of frame was not so easily determined. He was very pale, and coughed badly—and I at once made up my mind that he was far less fit to travel than I was. After we had got fairly on our way, I remarked to him that I had been suffering from a severe cold, and that this was the first time I had ventured out for quite a number of days. He looked at me out of a pair of dark, bright eyes—and when he seemed to have determined what manner of man I was, he said:

"I have something worse than a cold, sir." He broke out a fit of coughing which lasted a minute or so, and then added—"It won't be a great while before I shall take my last ride."

Again he was seized with a spasm of coughing, and when he had recovered from it, he continued: "The disease is eating me up and shaking me to pieces at the same time."

He further informed me that he had started on a tour for his health, but that he had given it up, and was now on his way home, which place he was anxious to reach as soon as possible. Another paroxysm seized him at this point, and he intimated that he was unable to converse, as the effort brought on his cough. I had noticed this, and had made up my mind to trouble him no more, even before he had given me the hint.

After this he drew his outer shawl more closely about his neck and face, and having secured an easy posture, closed his eyes, and I was not long in following his example—Towards the middle of the afternoon the coach stopped at a small village, where we changed horse again, and where four passengers got up. This broke up the arrangement of my friend and self for rest, as he had to take one of the strangers on his seat, while I took another upon mine, the other two occupying the middle seat. The new comers soon broached the subject of the robberies which had been committed in that region, but they knew no more than any one else knew. They had heard about it, and were inflated with wonder.

One—an old farmer—asked me if I knew anything of the robber. I told him that I knew but little of the affair in any way, having been sick and unable to be out among the folks. Then he asked my consumptive friend if he knew anything about it. The latter raised his head from its inclining position, and was on the point of answering, when he heard our driver, in quick, abrupt tones, ordering some one to get out of the road. I instinctively put my head out at the window to see what the trouble was, and my eye was just quick enough to detect a load of fagots in time to dodge back and avoid them. The road was quite narrow at this point, and as the fagots were loaded very widely, it was impossible for the driver to wholly avoid them, and the side of the coach was swept by them quite smartly. I escaped without being touched, but not so with my friends. I heard an exclamation—I thought rather a profane one—from his lips, and on looking towards him I found that one of the fagots had struck him over the left eye, making quite a mark upon the pale skin. This incident turned the conversation from the subject of the robberies, and it was not again alluded to during the day.

We reached Lowstone shortly after dark, and I went at once to the residence of Mr. Stickney, whom I found at home. He had been out all day and had made all sorts of efforts to obtain some clue to the perpetrators of the robberies that were being committed, but without effect.

He said he could learn nothing on which to hang suspicion. Two shops had been robbed in this town, but he could gain no clue to the perpetrators. We consulted together, and I finally proposed to go in the morning and see another detective officer named Gamblit, who resided but twelve miles distant in the town of Orton.

This met the views of my host, and so we left the matter for the evening. On the following morning we were up early, and as the coach would take us directly to Gamblit's house, we chose that mode of conveyance, and repaired at a seasonable hour at the tavern for that purpose. When we reached the inn, we found the old farmer, who had been one of my fellow passengers the night before, stepping about the door in a high state of excitement. He had been robbed of three hundred pounds, and he was sure it must have been done on the stage, for he had slept with his pocket book under his pillow. He had not thought to look in it when he retired, but he had found it empty that morning when he got up. He said the wallet had been taken from his pocket and put back again—he knew it. As soon as he saw me he was anxious I should be searched. Of course I allowed the operation to be performed, willingly. After the excitement was allayed, he asked where the pale young man was that came in the coach, and was told by the landlord that he went away soon after the coach arrived.

My first aim was to satisfy myself that the old man had been robbed in the stage coach, and of this he succeeded in convincing me. After this my suspicions rested upon the consumptive man, and I believed, if I could find him, I should find the rogue. So I bade the landlord to keep a sharp lookout; and also spoke to the driver who had brought me from Sidney, and who was now on the point of returning—requesting him, if he saw anything of the pale man, to see that he was secured. The suspicious individual had only remained at the inn a few minutes on the previous evening, and had then gone away in a gig, which had come for him; but no one could tell what direction he had taken.

The coach for Orton soon came to the door and Stickney and myself took our seats inside, the farmer having determined to remain where he was until he heard something about the money. There were two other passengers inside, and two or three outside, but they were strangers to me. We had gone two or three miles, when the driver pulled up before a small farm house, where a woman and a trunk was waiting by the garden gate. The lady was handed into the coach, and took a seat facing me, and as she turned to give the driver some direction concerning the baggage, she threw her veil over her bonnet. She was pretty—very pretty—with rosy cheeks and sparkling eyes. Her hair hung in glossy brown ringlets over her neck and shoulders, and was a type of beauty in itself. I looked at the rosy cheeks again, and into her dark and lustrous eyes. My gaze was fixed upon this latter point when she caught my glance, and quickly dropped her veil. At first I felt a little ashamed at having been caught staring at her so boldly; but as the face was hidden from sight, and I had opportunity for reflection, it struck me that I had seen those features before.

Here was a study for me, and I was buried in it at once. Where had I seen that face? I whispered to Stickney, and asked him if he had ever seen her before. He said he had not, and joked me for being so curious about a pretty face.

We stopped at a place called "Turner's Mills," in the edge of Orton, to exchange mails, and here I jumped out to see the Postmaster who was an old friend of mine—and as I was returning to the coach the thought struck me to go look at the trunk, which had been last put on, and see if any name was on it. It was marked with the simple initials—"A. M." So that was all I gained from that source. As I came to the coach door I approached it from behind, and as I cast my eyes up I found that the beauty had her veil raised, and was looking in at the Post Office as though anxious for the mail to come, that we might be off. The expression of anxiety detracted somewhat from her beauty, and as I looked upon her now, seeing her face in a different light, I was struck with a sort of snake-like cast which was perceptible in the whole character of her features. I was on the point of withdrawing my gaze, lest she should catch me a second time, when a light motion of her head rolled her curls over her temple, and I saw a faint line, something like a vein over her left eye. It was a mark—a livid scratch—where something had struck her. It might have been the stroke of a whip. But—no; I quickly glided back behind the coach, and there I reflected. Such a mark as that could be made by a fagot!

When I returned to my seat in the coach, the fair passenger's veil was down again. Could it be possible that my suspicions were correct, and that chance had thrown in my way a solution of the problem which had vexed my deputies so much? Yes, I was sure of it; and the more I compared the two faces in my mind, the more I saw resemblance. Either the cheeks had been painted red to-day, or they had been painted white yesterday. The eyes were the same, the contour the same, and that brow, with its tell-tale mark, not to be mistaken.

We soon stopped at the door of the inn at Orton. The driver announced that they would stop there for fifteen or twenty minutes, to exchange horses and wait for the mail, and also informed the passengers that they would find plenty of accommodation in the house if they chose to go in.

The lady at first did not get out, but at length she did so, and went into the hotel—I determined now to find out who she was. I left my deputy at the door of the room she entered, having ordered him to rush in case he should hear anything that warranted his intrusion. On going into the apartment I found the beauty was sitting by a window, gazing out between the blinds. She started up as I entered, and let her veil fall.

"I thought this was a private room, sir," she said. Her voice trembled and sounded unnatural.

"It may be," I returned; "but that does not exclude those who have business. I came on purpose to see you."

There was a momentary struggle, and then she appeared as calm as could be.

"What are you?" she asked.

"I am an officer from Bow Street, I replied. "I want to know who you are."

"Stop—one moment," she said; and as she spoke she carried her hand beneath her cloak. It was quickly withdrawn, and in it was a pistol, but she had grasped a portion of her dress with it, and before she could clear it, I had sprung upon her and seized her by the arms. But it was a she no longer. There was more muscle in that slight body than I had bargained for! However, my man "popped" in the moment he heard the scuffle, and the beauty was soon secured.—The glossy brown tresses fell off during the scuffle, and some of the paint was removed from the cheeks.

As soon as the prisoner was secured, I had his trunk taken off and brought in, and upon overhauling its contents we found disguises of all sorts, and quite a sum of money, besides watches and jewelry of much value. I made him assume a proper male attire, and when he stood forth in propria persona, I found that he had not only used red paint for the blushing beauty of to-day, but that he had applied a more cadaverous coloring matter for the consumptive individual of yesterday. As he stood now, he was a lithe-built, intelligent looking youth, of not more than five-and-twenty; but with a cold blooded expression upon his marble face, and an evil look in his dark eyes.

We carried him back to Lowstone, where we found the money of the old farmer upon him, besides other money which had been lost by different individuals. At first he told strange stories of him, but finally, when he knew that the worst must come, he confessed the whole. He was from London, and had come into the country on purpose to rob. He had two confederates with him, who had helped him from place to place. One of them had taken him away from the inn the night before, and the other had brought him and set him down at the farmer's gate that morning We made search for these confederates, but they had got wind of their principal's arrest, and were not to be found.

However, we had got the chief sinner, and had broken up the game. After he had been found guilty and sentenced, he seemed to enjoy himself hugely in telling how he had deceived the good people of our country. Now he would turn himself again into the old woman, who had given the driver so much trouble about her band box. Then he would be again the meek-browed minister, who had distributed tracts to the passengers, and picked their pockets while they read. Then he would do himself up into the little humped backed old man, who had been lifted into and out of the coach, and robbed his helpers while they fixed his crutches for him. It was funny—very—and perhaps we might never have caught him but for the accident of the fagot. That was not so funny for him; and I doubt if he found much fun in working at our hard stone—hammering early and late—with an inexorable master over him to spur him up when he lagged.

PURE MEDICINAL BRANDY

For the City of Milwaukee. This Brandy has been thoroughly analyzed by the N. Y. State Assayer, Dr. A. A. Hayes, Chemist, and Prof. Urman Sheppard, Charlestown, S. C.; Prof. T. R. Chilton, New York; Prof. Pratt, of Savannah; Prof. Lamont, J. R. Nichols, of Boston; and Dr. Cox, of Cincinnati; and pronounced by them to be strictly pure, and an excellent stimulant in all cases where pure Brandies are indicated.

The manufacturer of this fine Brandy guarantees (*or will refund the money*) that it will cure
CHOLERA INFANTUM,
SUMMER COMPLAINT WITH CHILDREN,
DIARRHOEA,
BOWEL COMPLAINT,
DYSPEPSIA,
FLATULENCY,
CRAMP,
COLIC,
LANGUOR,
LOW SPIRITS,
GENERAL DEBILITY AND NERVOUSNESS.

Physicians are now prescribing it in the place of Paregoric—not having the *deadening* effect of that medicine upon the brain.

The physicians in each city, town or village in the State are solicited to apply to the undersigned, who will give them a bottle free of charge, to try before prescribing.

Dose for an infant six weeks old, one teaspoonful, diluted in two tablespoonsful of cold water, and given by the teaspoonful every five minutes until relief is effected.

Adults and children in proportion.

The want of pure Medical Brandy has long been felt in this country.

The properties contained in this Brandy are more stringent than French Brandies. This the manufacturers claim are the merits, and challenge the world to disprove these facts

THESE POPULAR BITTERS POSSESS all the nourishing and invigorating properties of PURE OLD BOURBON WHISKEY, and are considered the most efficacious TONIC and STIMULANT, as well as the most agreeable STOMACHIC ever offered the public. As a TONIC for OLD PEOPLE, delicate Ladies, convalescent invalids, and all weakly people, they cannot be surpassed; in all cases of WEAKNESS OR DEBILITY, they will give immediate relief, and impart a strong and healthy tone to the system. A trial will establish their merits over all other Tonics now in use. For LUNG COMPLAINTS, BRONCHITIS DYSPEPSIA, NERVOUS DISEASES AND LIVER COMPLAINTS, they are an invaluable remedy; and are a certain preventive of CHILLS and FEVERS. Put up in Quart Bottles, in cases of one and two dozen, and for sale by Druggists and Grocers everywhere.

SPALDING'S PREPARED GLUE!
"A Stitch in Time saves Nine."
ECONOMY!
Dispatch?
Save the Pieces!

AS ACCIDENTS WILL HAPPEN EVEN in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Crockery, Toys, &c.

SPALDING'S PREPARED GLUE

Meets all emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs, splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically held in solution, and possessing all the valuable qualities of the best cabinet maker's glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

St. Nicholas Hotel,
BROADWAY.
NEW YORK.

WHEN COMPLETED, SIX YEARS ago, the St. Nicholas was universally pronounced the most magnificent, convenient and thoroughly organized establishment of the kind on this continent. What it was then, it remains today—without a rival in sumptuousness, and in the general elements of comfort and enjoyment. The Hotel has accommodations for 1,000 guests, including 100 complete suites of apartments for families. Six hundred persons can be comfortably seated at the tables of its three public dining rooms, and nothing that modern art has devised for the convenience and social gratification of the traveling public has been omitted in its plan, or is neglected in its practical details. The early reputation of the house at home and abroad derived from its magnitude, its superb appointments, and its homelike comforts and luxuries, has been enhanced every year by the unwearied exertions of the proprietors.

Richardson's Irish Linens, Damaks,

DIAPERS, &C.—CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm, J. N. RICHARDSON, SONS & OWDEN, as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable while purchasers can be imposed on with Goods of a worthless character.

THE GREATEST
MEDICAL DISCOVERY
OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR
FROM
THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA

which is nothing but canker on the stomach; then the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED;

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follows a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

DR. CHURCHILL'S REMEDY.

WINCHESTER'S GENUINE PREPARATION OF THE
HYPOPHOSPHITES
OF LIME AND OF SODA,
(Made from the Formula of Dr. J. F. Churchill,)
FOR THE PREVENTION AND CURE OF
CONSUMPTION!

THE SUCCESS OF THIS NEW REMEDY, (discovered by Dr. Churchill, of Paris,) is obtaining the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases.

This *Remedy* has not only a curative effect, but will, if used whenever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act, *as a preservative with regard to Consumption, just as vaccination does with regard to small-pox*.

What the Medical Profession Say.

"In no instance have I found the Remedy to fail."—*Dr. Churchill.*

"I have used your preparation of the Hypophosphites *with the most happy effect*."—*C. Fisher, M. D. Lynville, Ill.*

"*I have been astonished in witnessing the good effects of the Hypophosphites*. The statements in your pamphlet are not at all exaggerated. My patient was just entering the last stage of tubercular consumption."—*S. Rosa, M. D., Rocky Falls, N. Y.*

"They exert an important remedial influence over the tubercular disease by *improving the nervous strength and invigorating the nutritive functions*."—*Dr. W. E. Rust, Morristown, N. J.*

"I have derived more satisfaction from the use of your Hypophosphites *than from all other forms of medication combined*."—*Dr. Geo. W. Maris, Columbus, O.*

"If, on the earliest appearance of the symptoms, the patient takes daily about ten grains of the Hypophosphites, he will speedily find himself in the enjoyment of such health as he, perhaps, had never known in his life before."

"Winchester's Hypophosphites are unexceptional in their preparation."—*Am. Druggists' Circular.*

"Mr. Winchester is worthy of all confidence, and devotes himself enthusiastically to these preparations in all their variety of combination."—*Prepared strictly by Dr. Churchill's method*."—D. Meredith Reese, M. D., New York.

"Lowell, O., July 5, 1859.—I have had several cases given up by attending physicians who are now exempt from all the symptoms of pulmonary disease. I have used the Remedy in my own case, with decided success. It was regarded as hopeless by physicians and friends, and even by myself, under the 'old treatment.' I am now able to ride, in attending to my practice, as many miles, perhaps, in a day, as any other physician in the country."—W. J. Clark, M. D.

"The Hypophosphites are most appropriate Remedies in large class of affections resulting from loss of nervous force."—Boston Medical and Surgical Journal.

Dr. Churchill's Work on Consumption
IS NOW READY.

The Hypophosphites may be used with incurable success in Chronic Bronchitis, Asthma, Dyspepsia, and in all "Nervous" Disorders.

Make no Delay!

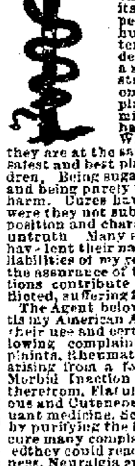

Consumptives, in any stage of the disease, should resort immediately to the use of the Hypophosphites of Lime and Soda. "Winchester's Genuine Preparation" (in simple syrup), in extra large bottles, is "chemically pure"; is the combination proposed by Dr. Churchill "for general use"; and is prepared according to his original Formula.

For sale, Wholesale and Retail, by HENRY FESS, Jr., Milwaukee, who is authorized to supply THE TRADE at New York prices.

For sale at Retail by J. M. ALCOTT, and by all prominent Druggists.

Ayer's Cathartic Pills.

THE SCIENCES OF CHEMISTRY and Medicine have been taxed to their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organ into their natural action and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliabilities of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints: Costiveness, Billous Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant medicine, Scrofula or King's Evil They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them and they should have it.

Medical.

MOFFAT'S
Life Pills and Phoenix Bitters!

THESE MEDICINES HAVE NOW been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the Globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the

VEGETABLE LIFE MEDICINES

Are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

SCURVY, ULCERS and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

SCORBUTIC ERUPTIONS AND BAD COMPLEXIONS by their alterative effect upon the fluids that feed the skin, and the morbid state which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases.

PILES.—The original proprietor of these Medicines, was cured of Piles, of 35 years standing by the use of the LIFE MEDICINES alone.

FEVER AND AGUE.—For this scourge of the western country, these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure of these Medicines is permanent—TRY THEM, BE SATISFIED AND BE CURED.

BILIOUS FEVERS AND LIVER COMPLAINTS.—General Debility, Loss of Appetite, and Diseases of Females—the Medicines have been used with the most beneficial results in cases of this description: King's Evil and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painter's Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

SANFORD'S
Liver Invigorator,
NEVER DEBILITATES.

IT IS COMPOUNDED ENTIRELY FROM GUMS, and has become an established fact, a Standard Medicine, known and approved by all that have used it, and is now resorted to with confidence in all the diseases for which it is recommended.

It has cured thousands within the last two years who had given up all hopes of relief, as the numerous unsolicited certificates in my possession show.

The dose must be adapted to the temperament of the individual taking it, and used in such quantities as to act gently on the Bowels.

Let the dictates of your judgment guide you in the use of the LIVER INVIGORATOR, and it will cure LIVER COMPLAINTS, BILIOUS ATTACKS, DYSPEPSIA, CHRONIC DIARRHOEA, SUMMER COMPLAINTS, DYSENTERY, DROPSY, SOUR STOMACH, HABITUAL COSTIVENESS, CHOLIC, CHOLERA, CHOLERA MORBUS, CHOLERA INFANTUM, FLATULENCE, JAUNDICE, FEMALE WEAKNESSES, and may be used successfully as an ORDINARY FAMILY MEDICINE. It will cure SICK HEADACHE, (as thousands can testify,) IN TWENTY MINUTES, IF TWO OR THREE TEASPOONFULS ARE TAKEN at commencement of attack.

ALL WHO USE IT ARE GIVING THEIR TESTIMONY IN ITS FAVOR.

☞ MIX WATER IN THE MOUTH WITH THE INVIGORATOR, AND SWALLOW BOTH TOGETHER.

PRICE ONE DOLLAR PER BOTTLE.

SANFORD'S
Family Cathartic Pills,
COMPOUNDED FROM
PURE VEGETABLE EXTRACTS, AND PUT UP IN GLASS CASES, AIR TIGHT, AND WILL KEEP IN ANY CLIMATE.

THE FAMILY CATHARTIC PILL is a gentle but active Cathartic which the proprietor has used in his practice more than twenty years.

The constantly increasing demand from those who have long used the PILLS and the satisfaction which all express in regard to their use, has induced me to place them within the reach of all.

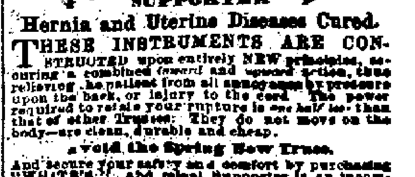

The Profession know well that different Cathartics act on different portions of the bowels.

The FAMILY CATHARTIC PILL has with due reference to this well established fact, been compounded from a variety of the purest Vegetable Extracts, which act alike on every part of the alimentary canal, and are GOOD and SAFE in all cases where a Cathartic is needed, such as DERANGEMENTS of the STOMACH, SLEEPINESS, PAINS IN THE BACK and LOINS, COSTIVENESS, PAIN AND SORENESS OVER THE WHOLE BODY, from sudden cold, which frequently, if neglected, end in a long course of Fever, LOSS OF APPETITE, A CREEPING SENSATION OF COLD OVER THE BODY, RESTLESSNESS, HEADACHE, or WEIGHT IN THE HEAD, all INFLAMMATORY DISEASES, WORMS IN CHILDREN OR ADULTS, RHEUMATISM, a great PURIFIER OF THE BLOOD and many diseases to which flesh is heir, too numerous to mention in this advertisement. DOSE, 1 to 3.

PRICE 30 CENTS.

THE LIVER INVIGORATOR AND FAMILY CATHARTIC PILLS are retailed by Druggists generally, and sold wholesale by the Trade in all the large towns. S. T. W. SANFORD, M. D.,

The Prince on his Travels.

MONTREAL, Aug. 30—3 P. M.

The Prince travelled in a magnificent car, specially fitted up for him. The stations along the route were decorated with flowers, evergreens, &c, and crowds cheered the train as it passed along. At Sherbrook, a handsome pavillion was erected. The Prince received addresses at St. Hyacinthe, Lennarville and Sherbrook.

At the latter place he was escorted to the residence of the Hon. A. T. Galt, Finance Minister, where he partook of a lunch and had a levee. Towards the close he was presented to Mr. Felton, an old and respected citizen, who was signal midshipman on Nelson's flagship Victory, at Trafalgar. He was subsequently deprived of his rank for the loss of the sloop-of-war Carinax at the West Indies. The case was one of considerable hardship, and once the Prince being informed of the particulars, he restored Mr. Felton to his rank in the navy. The act gave great satisfaction, and was loudly applauded by those present.

The Prince on his return to the station, was surrounded by an immense crowd, who vehemently cheerek him, while the ladies threw bouquets to him so fast and thick as to almost overwhelm him. He arrived back at Montreal at 6:30 P. M. He will leave for Ottawa in the morning.

The Cricket Match between Canada and the United States, terminated about noon to day. The Americans won in one innings with 36 to spare. The United States first innings 169; Canada first innings 45; second innings, Canada 78.

Connecticut Politics.

HARTFORD, Aug 30—3 P. M.

The *Democrat* of this evening publishes a call for a mass convention of the National Democracy, to meet at New Haven on the 23d of Sept., to nominate a Breckinridge and Lane electoral ticket. The call is signed by Hon. Wm. W. Eaton, member of the National Democratic Convention from Connecticut.

From the Plains.

ST. JOSEPH, Aug. 31—9 P. M.

Further advices from Denver to the 25th, reached us this morning.

The census returns were nearly completed and show the population of the Gold Region, about sixty thousand; forty-eight thousand of it are in the boundaries of Kansas.

The engineer of the Smoky Hill exploring expedition has arrived at Denver from Colorado City, and reports wood, water and grass, on nearly the whole route from Missouri.—He is confident that an excellent road is practicable, by which the distance from Leavenworth to Colorado City, will not exceed five hundred and eighty miles, and to Denver, five hundred and ninety miles.

Excitement continues in regard to the discoveries of silver on the Blue River and the veins it is said, increase in richness as they descend.

Mining operations continue brisk in the Southern diggings.

A pan of dirt in the McMilty's gulch, a few days since, yielded $67,35.

Several nuggets, ranging in value from $50 to $94, have been found.

Parties just arrived from New Mexico report the wheat crop in that territory, which has hitherto largely supplied the Pike's Peak region with flour, will be mostly cut off.

The troubles with the Navajoe Indians continue serious.

The Rocky Mountain News of the 23rd says: Two or three thousand Cheyennes were causing much annoyance on the Platte, begging and stealing, and in some cases attacking ranches.

New York Matters.

NEW YORK, Aug. 31—9 P. M.

This morning an Austrian bark named the Faccine, which was on the Balance Dry Dock at the foot of Governor street, fell in owing to the giving way of the bilge blocks. A man named Joseph Steward who was engaged on the vessel as a caulker, was crushed to death and another named Robert G. Anson, was seriously injured. It is feared that several others have received injuries though of a less dangerous character.

The shipment of specie per the New York and Glasgow, will exceed half a million of dollars.

About 3 o'clock this morning, Joseph Behon died at his residence in Montrose Brooklyn. He died from the effects of injuries received at the hands of his son, Joseph Behon, on the 19th inst. A difficulty of long standing has existed between the parties, growing out of the marriage of Mr. Behon, Jr., to a woman who was never favorably received by the Behon family, on account of her alleged violent temper

The Texas Abolition Excitement.

WASHINGTON, Aug 31—9 P. M.

New Orleans dates of Tuesday last are received, containing Texas news.

New events were daily occurring in various parts of that State, adding considerably to the excitement already existing there. Among other things, it is stated that a man named Pierce had been arrested on a charge of being concerned in the burning of the town of Henderson, and that the proof is almost positive against him.

The people are driving from the upper counties of the State, every person in the least suspected of abolitionism.

The town of Mount Vernon has been destroyed by incendiaries, one of whom has been caught and hung.

A plan to burn Sulpher Springs had been discovered. A slave negro preacher acknowledged that he and others had set apart a certain time to burn all the dwellings in the place, and commit other depredations; and then in case they could not whip out the whites, they were to take all the horses they could lay their hands on, and fly to the Indian Nation.

Washington Matters.

WASHINGTON, Aug. 31—3 P. M.

It is ascertained that the Administration has no more official information of Mexican affairs than is already known to the public through the newspapers. The despatch of vessels to the Gulf is merely a precautionary movement in view of the threatened Spanish hostilities against Mexico.

It is probable that minister McLane will return to Vera Cruz in accordance with a desire expressed in official quarters. While our Government would not view with indifference an armed European intervention in the affairs of that country, it would be powerless to lawfully interfere; Congress having made no provisions for such a contingency.

Departure of the Prince from Montreal.

MONTREAL, Aug. 31—9 P. M.

The regatta yesterday was a highly entertaining affair.

The ball to-night was attended by nearly three thousand people, and the Prince, who staid an hour, was loudly cheered.

An immense crowd viewed the splendid display of fireworks.

The Prince left this morning for Ottawa, amidst vigorous cheering from a great concourse of citizens.

Nomination of Judge Larrabee in the Third District.

FOND DU LAC, Aug. 31—9 P. M.

Hon. C. H. Larrabee is nominated for Congress in the Third District by 46 to 32 for all others. The nomination was then made unanimous. Good feeling prevails.

Naval Intelligence.

PHILADELPHIA, Aug 31—9 P. M.

The steam frigate Powhattan was at Fort Aixlin this morning, taking in powder.

The U S. ship St. Louis was to sail from Laguayra, on the 30th inst, to Curacoa, and from thence to Pensacola.

The wheat market opened actively this morning at 91c for No. 1 spring in store; 89c for No. 2 in store, and 94@95c for Extra, but as soon as the steamer's news was received it commenced advancing, and closed very firm at 95c for No. 1 and 93c for No. 2. There were no transactions in the higher grades after the advance. The sales were very large, amounting to about 114,000 bus of all kinds, and the feeling buoyant to an extent approaching excitement.

Flour was neglected, but under the improvement in wheat is held at an advance. Some trifling sales were made early at $4,60@4,75c for fair country and city Extras.

Coarse grains were quiet and unchanged, with light deliveries of all kinds.

Freights were more active than any previous day this season. A fleet of nine or ten large sail vessels arrived this morning, all of which that were not previously engaged, were chartered on the spot at 15c for wheat to Buffalo, and 22c to Oswego. Several others arrived during the afternoon.

Receipts of wheat to-day, including flour, are 71,915 bus. Somewhere in the neighborhood of 160,000 are looked for to-morrow.

CHICAGO MARKET, AUGUST 30TH.—Receipts of flour and grain at Chicago, yesterday, and the sources of supply, will be seen by the following statement:

In reference to the market the *Press & Tribune* says:

The receipts of wheat to-day were 144,207 bushels. Notwithstanding this increase in the supply and a continued firmness in freights, the demand was so active that the market opened firm, and continued so till the close, without any material alteration in quotations. About 125,000 bushels were sold at 86@87½c for No. 1 Spring; 83@84½c for No. 2 Spring; and 75c for Rejected—the great bulk of the transactions being at 81c and 87c. Flour was more active and a slight advance was paid. About 1,200 bbls were sold at $4.40@4.85 for fair to choice Spring extras. Corn was firm; but the demand was chiefly to short sellers. About 60,000 bus changed hands at 41c for good river yellow afloat; 36@36½c for No. 1; and 31½@33c for No. 2—the market closing firm. Oats are quiet, with limited sales at 18½@19c. Rye was more active and about 5,000 bus were sold at 45c for No. 1 in store, and 49½@50c on track. Barley quiet and neglected. Highwines more firmly held. Receipts 181. Sales were: 40 bbls country at 18½c; 125 bbls city at 19c; 40 bbls do at 19½c.

There is still a scarcity of freight room, and rates continue firm. Three propellers and six vessels were engaged, at 22c for wheat to Kingston and Oswego, and 15c to Buffalo.

ST. LOUIS MARKET, AUGUST 27TH.—From the *Democrat:*

FLOUR—Some inquiry for superfine in bags, but no thing doing for round lots in barrels. Prices steady at previous quotations. Sales of 1500 bags city superfine in lots on private terms; 250 bags at 2,50; 200 do extra at 2,70; 100 do country super at 2,80, and 50 barrels country double extra at 6,50 per bbl.

WHEAT—For best fall grades there is a good demand with light supplies, and prime qualities of spring and club are steady and firm, but common and inferior qualities are heavy. Sales include 875 bags common spring at 80c; 920 do good and prime spring 82@85c; 2650 do spring 85@88c; 2450 do choice spring and club 87@90c; 550 do club 85@88; 353 do dirty and poor fall 100@1,05; 54 do fair do 1,05; 436 do good fall 1,10@1,12; 1050 do private; 397 do prime red and white 1,15@1,20, and choice do 1,25@1,30 per bus.

CINCINNATI MARKET, Aug. 29th.—From the *Gazette:*

FLOUR—The demand continues good, and at full prices. The sales to-day comprise 4,500 bbls at $4,65@4,75 for fair to good brands; $4.90@5,25 for extra, and $5,25@6,00 for fancy. There are buyers for November delivery at $4 65@4,75. Included in the sales were the following: 180 bbls Southern Ohio, red wheat $4,50; 100 do Swift's Mills, do 4,50; 100 do Hamilton Mills, white wheat 5,20; 50 do Auburn Mills, red wheat 4,74; 50 do Gaff Mills, do 5,25; 100 do Middletown Canal Mills, white wheat 5,00; 50 do XXX Magnolia, do 5,75; 300 do Miami Mills, do 4,50; 150 do Continental Mills, do 4,50; 50 do Epicurean, white wheat 6 00; 100 do Cream of the West, do 5,50; 100 do Auro a City Mills, red wheat 4,85; 65 do Cataract Mills, red wheat 5,00.

WHISKEY—The supply is light, and prices ¼c higher: sales 500 bbls at 18¼@18⅜c—the latter rate for wagon.

WHEAT—There is a continued good demand for the prime grades, and prime red advanced to $1,00@1,03. White is firm at $1,12@1,15, and the lower grades are dull; sales of 2,000 bus good red at $1,00; 500 do fair white at $1,07; 500 do 1108 at $1,04; 600 do prime white at $1,15; 200 do red at $1,00.

THE CRANBERRY CROP.—This valuable crop comes near being a failure this season in Minnesota. In the Northern part of the State, from which we depend upon most for a yield, we are informed by a gentleman who has been prospecting for these berries, that the late frosts has almost entirely destroyed them. In the Western part, they are not so much affected, and will yield a fair average of previous years. These accounts rather conflict with previous reports, which were, that an abundant crop might be expected.—*St. Paul Pioneer.*

ARRIVALS OF WHEAT.—FIRST LOAD FROM THE UPPER FOX.—The steamer *Ellwood* arrived at this port on Friday, with 1,475 bushels of wheat and 650 bushels of rye, from Berlin, on the upper Fox; and also about 125 bbls of flour.

On Sunday morning Tank's steamer *Neenah*, (Geo. Osman) arrived with 1,067 bushels of wheat, from Oshkosh. She had two barges.

On Monday morning John Day's tug, *Victory*, with one barge, and 2,500 bushels of wheat from Berlin, and 97 barrels of flour from Menasha.

On Monday afternoon, the steamer *Sauk Enterprise* arrived, from Portage City, with 650 bushels of wheat. She is a fine though novel looking little boat, and draws but 22 inches of water.—*Green Bay Advocate, Aug. 30.*

CLEARED FROM BUFFALO FOR MILWAUKEE.

August 28 and 29.—Schooners Cornelia, Pauline, Wings of the Morning, 100 tons coal.

RAILROAD FERRY ACROSS THE MISSISSIPPI.

Over fifty freight cars loaded with grain are taken bodily across the Mississippi at Clinton every day, on the new steam ferry boat of the Cedar Valley Railway.

CAPTAIN CROSS, OF THE DACOTAH.—The Buffalo *Express* copies our notice of the appointment of Captain W. S. Cross to the command of the fine propeller *Dacotah*, and thus heartily seconds what we said in regard to his qualifications:

We can fully endorse what the SENTINEL says of Capt. Cross, and more, too. We have known him long and well, and a better sailor, gentleman and true friend cannot be found on water or land.

RAILWAY MATTERS.

REDUCTION IN FREIGHTS TO THE UPPER MISSISSIPPI.

We are apprised by a circular from D. J. Jennings, General Freight Agent of the La Crosse and Milwaukee Railroad line, that from the present date, until further notice, freight will be taken from Milwaukee, by this route to the points named at the following rates:

Cents per 100 pounds.

From Milwaukee to	First Class.	Second Class.	Third Class.	Fourth Class.	Salt per Bbl.	Whiskey per Bbl.
La Crosse, Wis	22	22	24	22	33	60
Dacotah, Min	40	35	32	25	33	60
Trempeleau, Wis	40	35	32	25	33	60
Winona, Min	40	35	32	25	33	60
Fountain City, Wis	40	35	32	25	33	60
Minneiska, Min	40	35	32	25	33	60
Wabasha, Min	40	35	32	25	33	60
Read's Landing, Min	40	35	32	25	33	60
North Pepin, Wis	40	35	32	25	33	60
Lake City, Min	40	35	32	25	33	60
Waconta, Min	40	35	32	25	33	60
Red Wing, Min	40	35	32	25	33	60
Prescott, Wis	40	35	32	25	33	60
Hastings, Min	40	35	32	25	33	60
Nininger, Min	40	35	32	25	33	60
St. Paul, Min	40	35	32	25	30	60
Hudson, Wis	40	35	32	25	30	60
Stillwater, Min	40	35	32	25	30	60

The permanence of these rates depends altogether upon how long the Dunleith Packet Company will keep up its warfare upon the La Crosse line. The latter can stand it for any period, because both distance and the low stage of water being in its favor, though not making much at present rates, the other is losing heavily on every pound of freight, and every passenger carried—in fact it is doing *business for nothing*, the railroad charges to the river being about equal to the through rates.

CHICAGO AND NORTH-WESTERN RAILWAY.

The following, from the Chicago *Times*, should be received with some degree of allowance—none of the other papers mention the matter. If it is true, it goes to prove the expediency of the action taken by our citizens towards pushing the Winneconne road to a speedy completion:

THE CHICAGO AND NORTHWESTERN RAILWAY.—We learn that a meeting of the directors of the above road was held at the office of the company, in this city, on yesterday, and a contract made with responsible parties to finish the road to Appleton within sixty-five days from this date. This seems like quick work, as the distance is twenty miles, yet when we consider that the gap of sixty-one miles between Janesville and Oshkosh was finished in fifty-six days from the time of striking the first lick, we think the present job may be regarded as an easy one. We have not learned the particulars of the contract made to-day, but understand it is every way favorable to the railroad.

THE EASTERN CONNECTION RAILROAD.

Mr. H. J. Hilbert, the engineer who has been engaged in locating the line of railroad between Winona and the Milwaukee and La Crosse Railroad, returned home yesterday, having completed the permanent location of the line through its entire length. The distance from Winona to the point of intersection with the M. & M. R. R., three and a half miles east of the La Crosse depot, is twenty-eight miles. With regard to the actual construction of the road, Mr. Hubert informs us that each successive examination of the line convinces him more and more of its feasibility. At least two-thirds of the distance is over a level prairie, which will require but very light grading. No portion of the work will much exceed the average cost of railroad construction throughout the country.

Immediate steps will be taken to commence grading on this road, for which purpose our citizens will be called upon, and will be expected, to make liberal contributions. We entertain no doubts whatever of the construction of this road, even by outside parties; but it is our interest, as citizens of Winona, to see that everything within the limits of practicability shall be done quickly.

This subject will claim our attention again. We merely wish now to call attention to the important fact, that the permanent location of the road is made. This is a beginning not to be lightly regarded.—*Winona Republican.*

ARBITRARY RATES.

The Cincinnati and St. Louis papers, with good reason, sharply criticise the recent action of the New York roads establishing arbitrary rates on flour and fourth-class freight over their lines, after having themselves, in convention at Saratoga, established the *through* rates from the West, and compelled the Western roads to accept of the rates thus established. The Detroit and Milwaukee, nor Michigan Central, have not yet given notice of any change in their rates, and from what we can learn, we suspect there is a "muss" brewing. The Cincinnati *Gazette* of Thursday contains the following, with reference to the subject:

The President of the Dayton and Michigan Railroad Company received a dispatch from Toledo to-day, informing him that the New York roads will in all cases insist upon arbitrary rates from Lake ports: that is, they will charge connecting roads the rates published in this column day before yesterday, which will, of course, render an advance of 5c on pound freight and 10c per barrel on flour from this and all other common points necessary, unless Western roads are willing to reduce the charge on their own lines to that extent. The Pennsylvania Central and Baltimore and Ohio Roads have not as yet given any notice of an advance and the business from this section is now taking that direction.

The Missouri *Democrat* adds its protest in behalf of the St. Louis

The agents of the Eastern "trunk lines" of railroad have addressed circulars to all of their Western connections, giving arbitrary rates on flour and fourth class freights over their lines to New York and Boston. The rates thus given are considerable more than a *pro rata* share of the *through* rates from St. Louis, established by these same agents at their Saratoga Convention. Just after making the Western roads to *pro rata* on 17 cents per 100 pounds from Boston to St. Louis for first class freights, which is but 12 cents per 100 pounds to East St. Louis, this action of the Eastern dictators seems to us to come with very ill grace. They say to the Western roads, "We will fix your through rates for you. If you deviate from them we will punish you by sending neither passengers nor freight over your lines. But, though we make these rates for you, yet will we demand, as *our* share, nearly the *whole amount*." We can hardly conceive of anything that exceeds this in cool impudence. These five great lines of railway carry on an absurd, nonsensical war among themselves, *pro rating* at expense among their Western connections, without asking their consent, or saying as much as "By your leave," and as soon as peace is declared, and rates restored, the Western roads, who have meekly submitted to the imposition, are denied their *pro rata* share of the rates *forced* upon them by this dictatorial conclave. How long our Western will continue footballs to be kicked about, at will, by this oligarchy, remains to be seen.

It seems to us high time that they assert their own rights and protect their own interests, regardless of those who, to suit their own caprice, periodically call upon them at whatever expense, to aid in carrying out such acts of transcendental nonsense as we have recently witnessed. Self-respect if nothing more, should cause managers of Western lines to submit to such humiliation no longer.

CANAL TOLLS—INCREASE OF $604,386 44.—The Canal Tolls continue to increase rapidly over the receipts of last year. The increase will exceed a million before the close of the season—a fact which makes the Democracy *very* unhappy:

Tolls received on all the canals in this State in the third week in August, 1860.	$ 99,431 19
Do in 1859	52,282 27
Increase in 1860	$ 47,148 92

RIVER NEWS.

From La Crosse.

Special Correspondence of the Sentinel.

LA CROSSE, Wis, August 31, '60.

Steamer *Æolian*, of La Crosse Line, from St. Paul, arrived last evening with 1500 sacks of grain, 70 firkins butter, and other freight. *Winona* of same Line left at 11 P. M. yesterday, with good trip of passengers and freight. The *Æolian* left a 1 o'clock this morning. Steamer *Favorite* arrived down at 4:15 this morning, having passed the *Northern Belle*, Galena Line, soon after leaving St. Paul. She met the *Ocean Wave*, of Galena Line, (that left La Crosse with her on her up trip,) aground at Red Rock, and eight hours behind time. Passed the *Golden Era*, of same Line aground at Nininger, 24 hours behind time. Passengers by the *Golden Era* that left Prairie du Chien Sunday morning last, arrived in St. Paul only eight hours ahead of those who left New York the same evening and went via La Crosse and steamer *Favorite* on her last trip up. Met steamer *Canada*, Northern Line Packet Company of St. Louis, at Drumond Bluff. Met *Frank Steele*, of La Crosse Line, above Lake Pepin, and on time. Met *Key City* four miles below, and *Milwaukee* above, Trempeleau, and *Winona*, of La Crosse Line, following. Weather fine. Water stationary. H.

PETITION.

A petition praying for the transfer of the river mail service from the Minnesota Packet Company to Davidson's LaCrosse and St. Paul line of boats, is being circulated and generally signed in town. We learn that similar action is being taken at different points along the river. The LaCrosse boats being of much lighter draught, have less difficulty in navigating the river at the present low stage of water. Their arrivals are therefore more regular.—*Winona Republican*, of Thursday.

THE STEAMBOAT COMPETITION.

The contest on the river between the Davidson line and the old Packet Company continues to increase in excitement. It is the duty of the people of Minnesota—merchants, grain dealers, farmers, and all others—to see that the Davidson Line be not "run off" before the close of navigation. Our people owe this duty to themselves, if for no other reason than simply on the principle of self-protection. Capt. Davidson is doing up his share in gallant style; and while we have no particular desire to enter into a one-sided fight on the subject, yet we are bound to stand by the interests of our own citizens.

In their struggle to run off Davidson, we would suggest to our friends of the "old Company" that it is best for them to see that the Eastern mails be a little more expeditiously and regularly delivered at St. Paul than they have been for the past few weeks.—*St. Paul Minnesotian.*

RIVER ITEMS.

The river continues to be on the descending scale, with a fair prospect of running out at its mouth.—Above here, boats drawing over two feet of water are aground from 12 to 24 hours. The *Golden Era*, due here last evening from above, did not arrive at St. Paul on her up trip until yesterday afternoon. She has not arrived here yet. The Davidson boats were in on time last evening. The *Denmark*, of the St. Louis line arrived yesterday afternoon. Her officers report the rapids almost impassable for steamboats.

D. C. LA RUE'S

WONDERFUL PANOPTICON,

Or life-moving mechanical exhibition of the

WAR IN INDIA

And the Sepoy Rebellion.

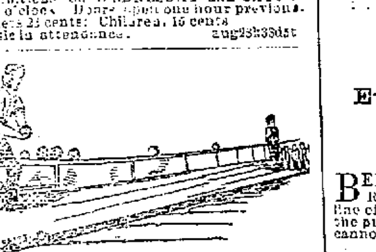

THE MOST THRILLING OF ALL modern miracles, embracing an astounding combination of eighty thousand moving and acting models of men horses and animals. No exhibition in the world has created so profound a sensation.—The Panopticon was exhibited in London to the nobility, aristocracy and gentry for a period of sixty consecutive nights.

It is not a Panorama painted on a few hundred feet of flat canvas, but it is a startling and faithful representation of actual occurrences, re enacted with bewildering accuracy, by mechanical models, endowed by genius with the correct motion and impassioned volition of life. No description can approach a shadow of the reality of this triumph of mechanism and wonder of the age. It is the most complete and expensive gem; ché of art ever exhibited.

Exhibition every night at 8 o'clock. Grand afternoon exhibitions on WEDNESDAY and SATURDAY at 3 o'clock. Doors open one hour previous.

Tickets 25 cents: Children, 15 cents

GRAND CHANCE TO SECURE A HOME upon such terms that any one who has any industry can do it. Mr. Glidden, who owns one-half of Lockwood & Glidden's Addition, has made the his agent, to sell his lots in said Addition at unusually low prices, to any one who will improve them, and upon such terms that any one can meet the payments. It is unnecessary to go into argument to convince one who has any judgment that this property, which is situated in the First Ward, must, and will be the most desirable residence property in the city of Milwaukee. It is in full view of the Lake and on high ground which overlooks the city, and is where the first families and many others have built. For health and beauty this location for healthy situation cannot be found. Its location for business men is very desirable, the Horse Railroad passing it every fifteen or twenty minutes. Much more could be said about this valuable property, but we will only say, any persons who have any desire to purchase any of said Lots, if they will call at my office they can see a map, and I will go with them and show them the Lots, and they can judge for themselves. The terms on which said Lots will be sold are as follows: Ten per cent. in twelve months; 15 per cent. in two years; and 25 per cent. every year thereafter until the amount is paid, with interest at the rate of 7 per cent. per annum, interest will not to commence until six months after the date of purchase. Here is a chance never before offered, and there is every reason to believe that this property will advance 100 per cent. in less than twelve months. The great advantage of the Horse Railroad must, and will make it very desirable. The Lots are free from all encumbrances whatever. Certificate of title will be furnished to any one who may purchase. SPECIAL NOTICE.

THERE IS A RARE OPPORTUNITY for a good BLACKSMITH and a good SHOEMAKER to establish themselves in a lucrative business, in the town of Herseyville, in Monroe County, Wisconsin. It is located on the line of the LaCrosse & Milwaukee Railroad, in the heart of the famous La Crosse Valley, one of the pleasantest and healthiest parts of the State. Being a new place, the owner of the lands in the vicinity of the depot proposes to furnish building lots for shops and dwellings, to a limited number, FREE, so as to enable some industrious, but poor mechanics, an excellent chance to better their immediate prospects. The place is thriving, and has, at present, some two or three hundred farmers within five miles; and two good water-power are within half a mile of the depot; also a post-office and store. Large quantities of wheat are shipped daily from this Station.

Any communications to the undersigned will be promptly attended to. C. M. HERSEY, aug14d13m Herseyville, Monroe Co., Wis.
